Prezzo Report

Hi everyone, halfway through the year already and not the best weather for riding but that did not dampen the spirits of those who joined together for the midwinter dip ride to Whangamata. I notice no one was hardy enough to strip off for a swim but as I did not even ride I shall remain quiet.

Registration Changes are coming

To add to the current rule that all new bikes imported over 125cc require ABS from 1st November this will apply to second-hand imports as well. There will be a limited number of exemptions granted each year for enthusiasts

of classic motorcycles. Also, if you have a project bike from days gone by that you are planning to reregister you will have to prove that it was registered overseas or locally previously.

Do not assume that because it has been on our roads before that VTNZ will have a record of it. Due to a fire back when records were on paper, the records of some bikes are no more so to be sure take your Vin and or chassis number in and check before November.

KTM 890 - Review

Most new models are an improvement on previous years, some bikes are slightly better, and some are a huge leap forward. In my opinion, the KTM 890 Duke is the latter. On picking the bike up from Boyd Motorcycles I needed

HMCC Club Night

Thurs 1st July

**Club Rooms,
Seddon Rd, Hamilton**

www.hamiltonmcc.org.nz

to double check which bike I was riding as the one the salesman indicated to look like a 250 or 400. To sit on it felt the same, a 250-trail bike with a comfy seat. Negotiating traffic on the fastest route out of town the throttle response was smooth and predictable. Once I hit the open road, I changed the ride mode from Street to Sport, something that can be done on the move (albeit slowly obviously). The change to power delivery was dramatic, it now pulled hard and linear from stand still through to a stronger top end that you expect from a well-balanced parallel twin. The brakes are sensational! Stronger than I would usually want except for on the race track, but with ABS on guard you won't get caught out before you get used to how little effort it takes to stop. In summary I am amazed that a bike that feels like a mid-sized trail bike performs like a 916.

This Thursday I will be riding the KTM 890 Adventure to Club night come check it out.

See you Thursday
Chris

June 13th Mid Winter Dip Ride

Had a great ride with Hamilton Motorcycle Club to Whangamata today. Went via Waihi and back via Kopu Hikuwai rd. A bit of rain and wet roads from Waihi right through to Kopu, but that didn't affect the enjoyment of getting out with 13 others for a winter ride in 12-16 deg C temperatures. An eclectic mix of machinery too. And none of us braved the ocean for a swim.

Bruce Delaney

ROAD RIDERS CORNER

JULY

Another ride in the depths of winter for those hardy enough, we are heading out on Sunday 11th.

A Hot Pool ride - bring yer swimmers! Maybe Matamata, or Okoroire, via Te Miro and Whitehall, great biking roads.

We'll meet at BP Tristram St, 10.00am.

Details will be posted on our FB page closer to the date.

If the weather is total crap, we may even postpone it a week. Nobody needs a drenching!

AUGUST

August is a special month for us road riders, we do an annual overnighter Coromandel loop, staying the night there.

Our usual accommodation, Pats Place is no longer available, so we are organising an alternative, we'll keep you posted.

The weekend will probably be August 21/22, to be confirmed.

Andrew M, Andrew S & Ray .JPG

Jim on Scorpa.JPG

Trials report from Sunday 20th June.

The expected and predicted downpour did not eventuate and therefore a fun event for the riders

That made the trip to the Huntly Kimihia adventure park. Back to a popular spot to the left of the weighbridge, where ditches, banks and logs awaited the riders.

There were 10 sections with riders in all three grades that had to cope with sections receiving a severe soaking overnight. Some adjustments were required but the sun appeared soon after 8:30 am with only a couple of light showers during the event. Trees are great for catching rain and storing it until someone is unlucky enough to bump into them!

Sections 1 to 4 were short and sharp but 7 was a relative marathon through the back of the woods. 8,9 and 10 made use of ditches and banks with a decent log on 10. The area on the right of the track has more potential once some clearing is done so a working bee/fun day will be on the cards once the weather improves. Once again, the access via tarmac and metalled roads meant the weather did not play a big part in getting in and out of the venue.

My thanks to John Nelson and Steve Armistead in setting this event and the Allen Family land owners for the use of their property.

Next trial 11th July in Tauranga and 25th for Hamilton Championships.

North Island Champs in Hawkes bay on 3&4th July

\$180.00

Pukekohe Revival

We have been cutting it fine, but every thing is all go for our One Round Winter Series!

Pukekohe is familiar to the Classics and Posties riders, but it has been quite a few years since the rest of the racing community has had a go there.

Pukekohe has undergone more safety improvements, and our meeting is another step towards bringing it back to regular bike racing.

We have kept the entry fee as slim as possible, and encourage you all to come and have a ride - it's a one-off so come along and ride at a comfortable pace and see what you think.

We are holding a Waikato Cup Race at the start of the 3rd round of races, for the top 20 riders across all classes for a great trophy.

We are finalising the details, but the meeting will be the HMCC leg of the AMCC/HMCC Interclub Challenge, along with their Round 2 being the AMCC Leg.

We have a good line up of Marshals already organised, but the track layout does demand a high number, we need around 8 more, please put your hand up if you can do it.
